### "PHOTOGRAPHS AND MEMORIES"

Photographs and memories  
Christmas cards you sent to me  
All that I have are these

To remember you .....

Memories that come at night  
Take me to another time  
Back to a happier day  
When I called you mine

Summer skies and lullabies  
Nights we couldn't say good-bye  
And of all of the things that we knew  
Not a dream survived

Photographs and memories  
All the love you gave to me  
Somehow it just can't be true  
That's all I've left of you

By: Jim Croce

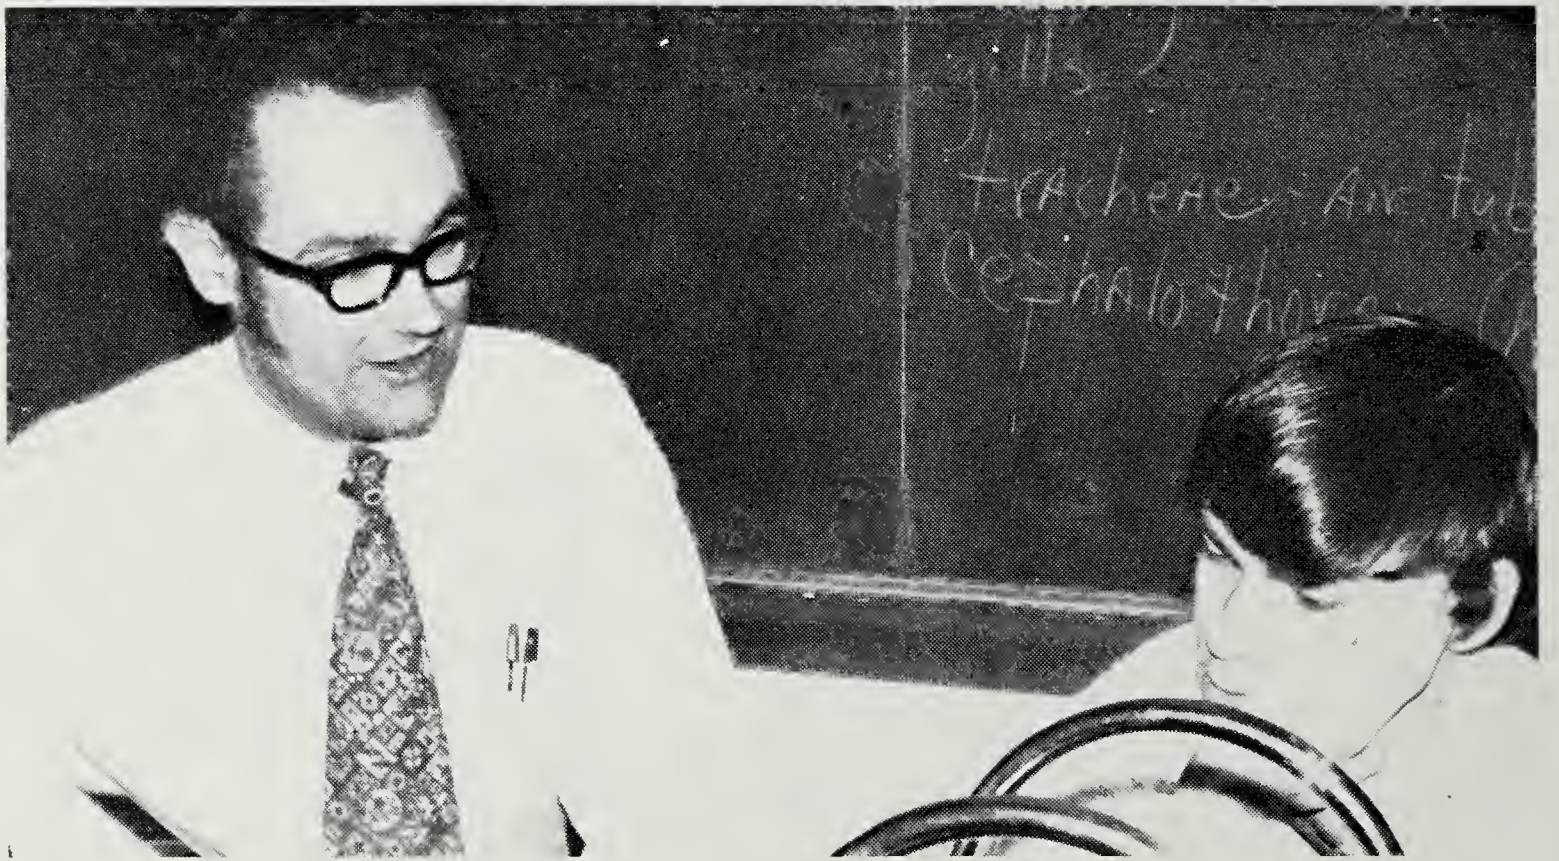

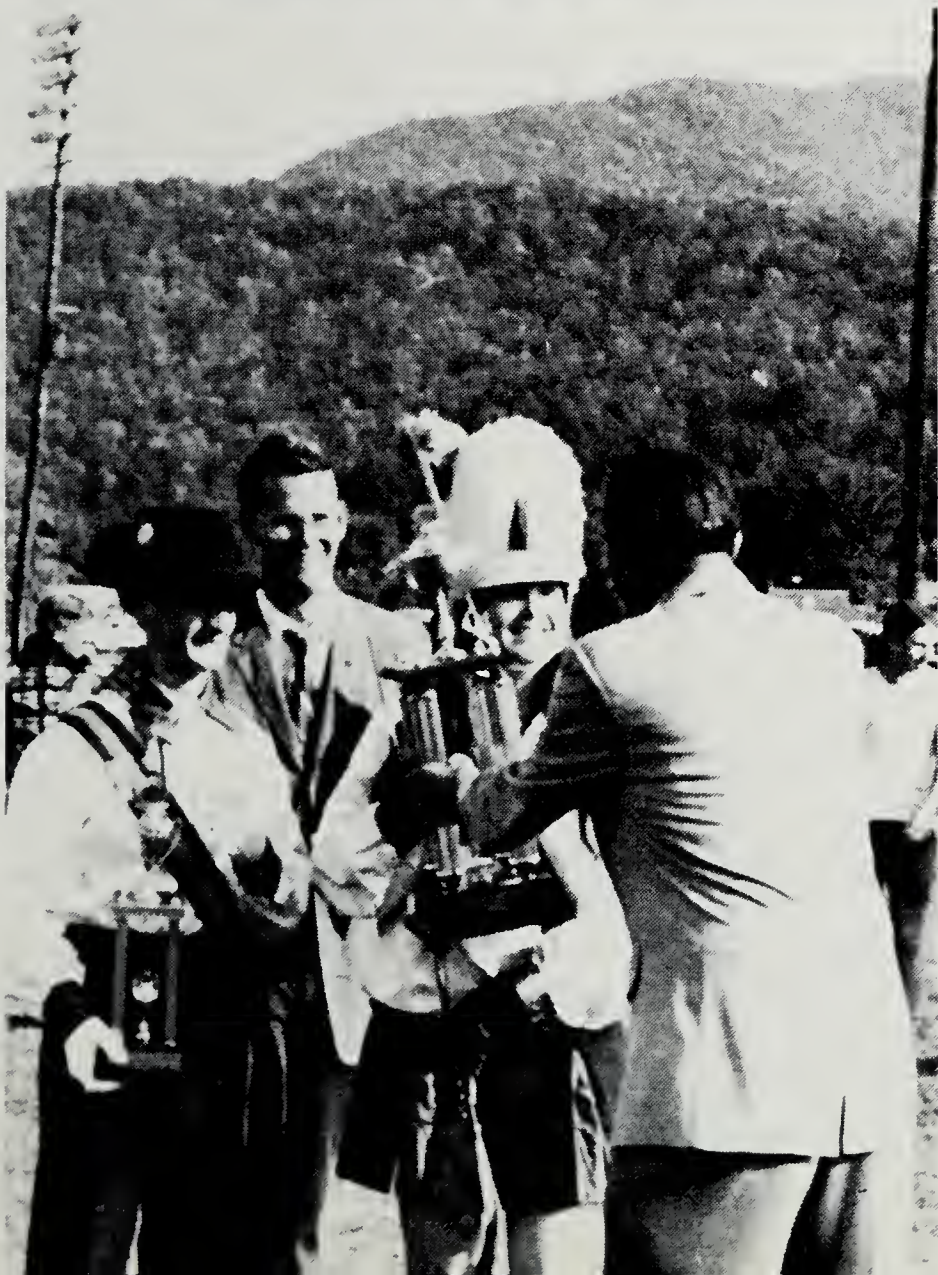

STUDENT

Every school activity has its place in our book of memories. Not only are there things common to all students but also there are individual interests as well. A routine activity such as going to the locker, a challenging experience such as a football game or an Algebra test are all part of the student's day. Classes and pep rallies, dances and activity periods are also factors of student life.

These separate parts all combine to form an atmosphere of school in general. These impressions are retained in our minds as memories.

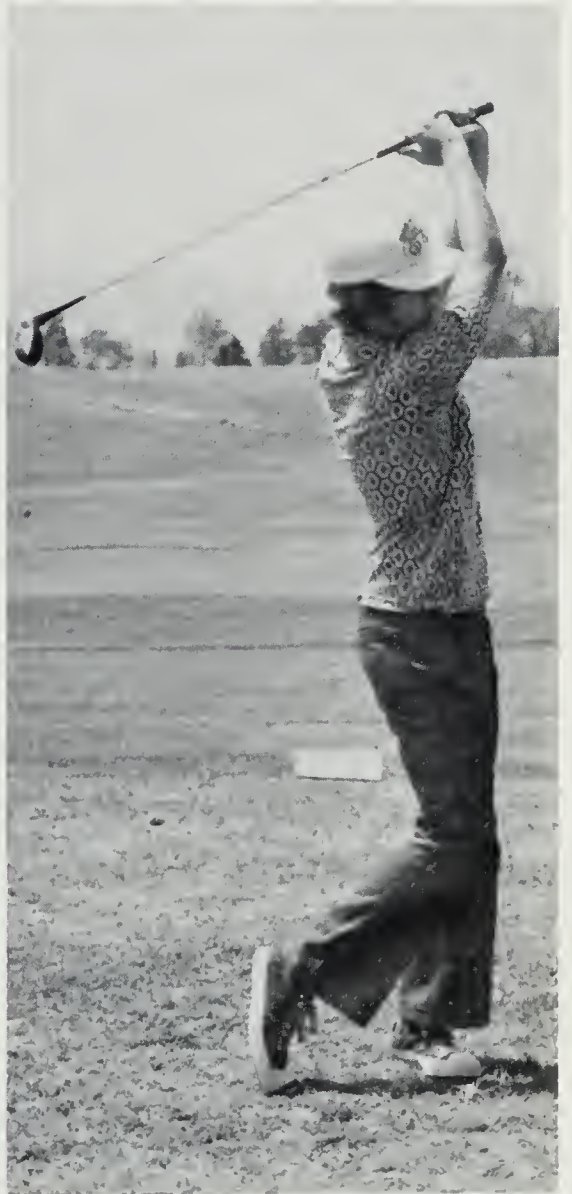

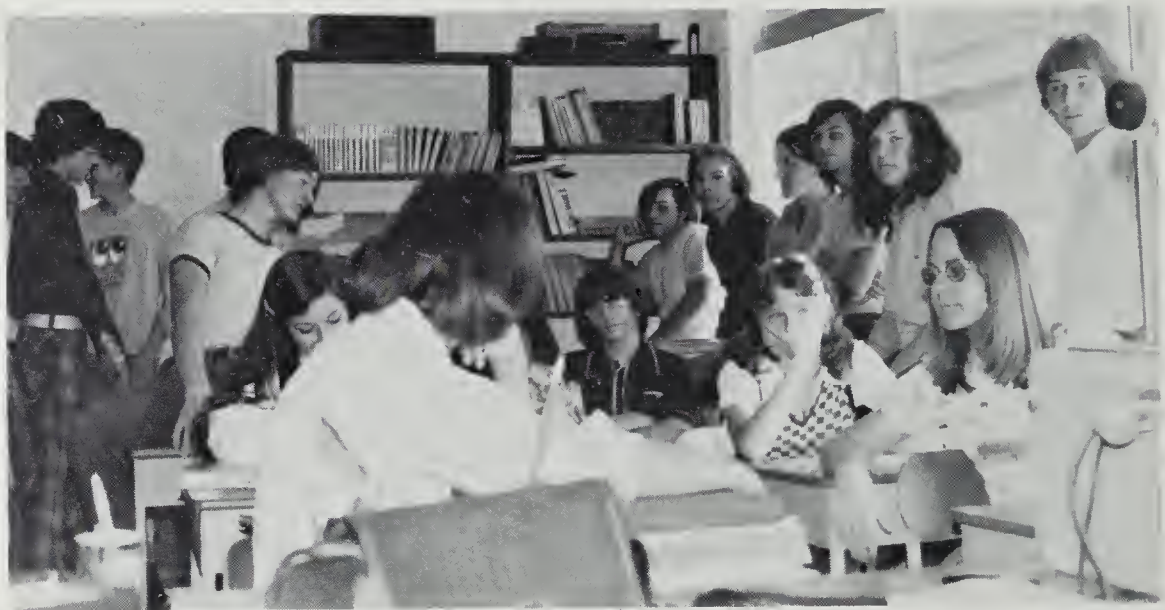

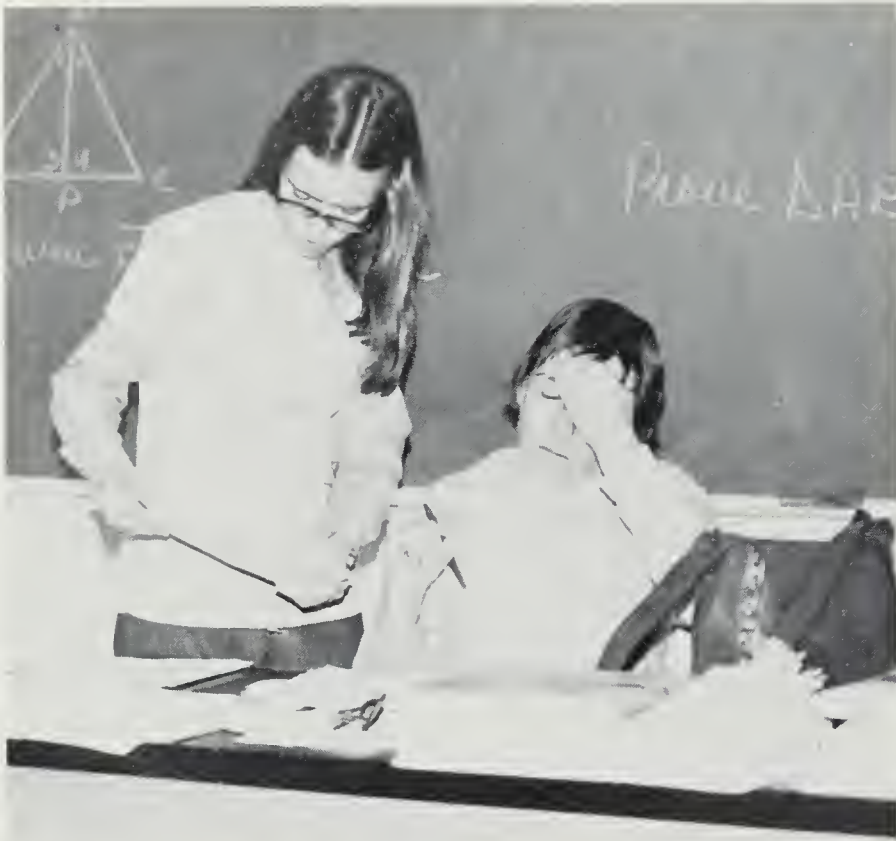

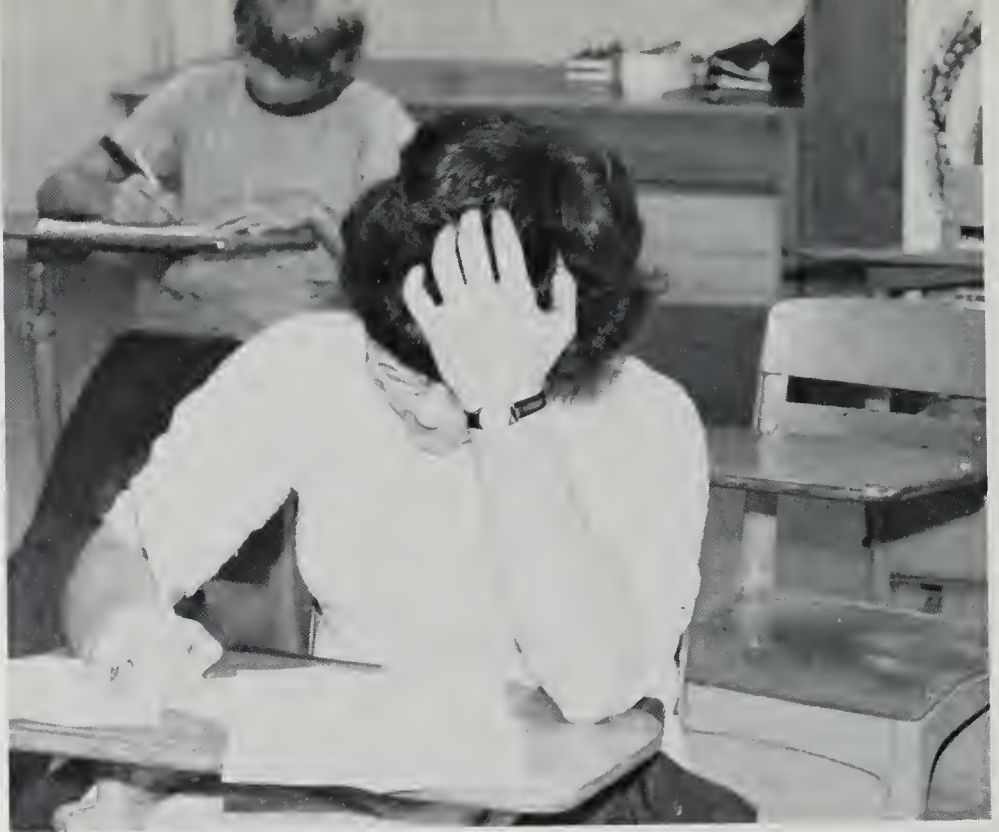

Each moment, each new experience forms the framework for entries in our book of memories. What memories will the future hold . . . .

## WE'D LIKE A FEW MOMENTS ALONE WITH YOUR YOUNG IMPRESSIONABLE MIND.

What we're talking about here is our bank, F&M, and this diabolical scheme we have to make it *your* bank.

First, we can threaten you with one of our free checking accounts.

Which require no minimum balance, and no service charges.

Or we can angle for your cash with one of our tempting high-yield savings accounts. Or innocently invite you to apply for a special F&M Student BankAmericard.<sup>®</sup> (It's as handy as any other charge card, but your credit limit won't be so high as to give Pop apoplexy, if you know what we mean.)

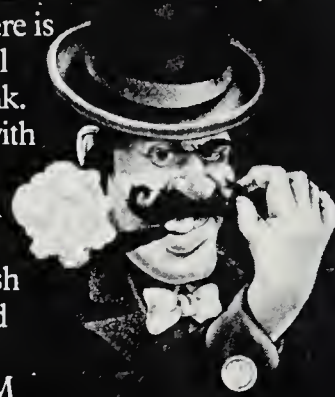

Anyhow, these three are just a small sampling of the many financial services we have to offer at F&M.

For all we know, if we can entice you into just one of them, you'll wind up hooked on us for a lifetime.

First & Merchants National Bank. (Would a member of the FDIC lead you astray?)

<sup>®</sup> Service marks owned and licensed by BankAmerica Corporation.

The time has come quickly, yet softly, for us to part from another school year. As we flip through the final pages of unforgettable memories, there lingers within us a sense of grief . . .

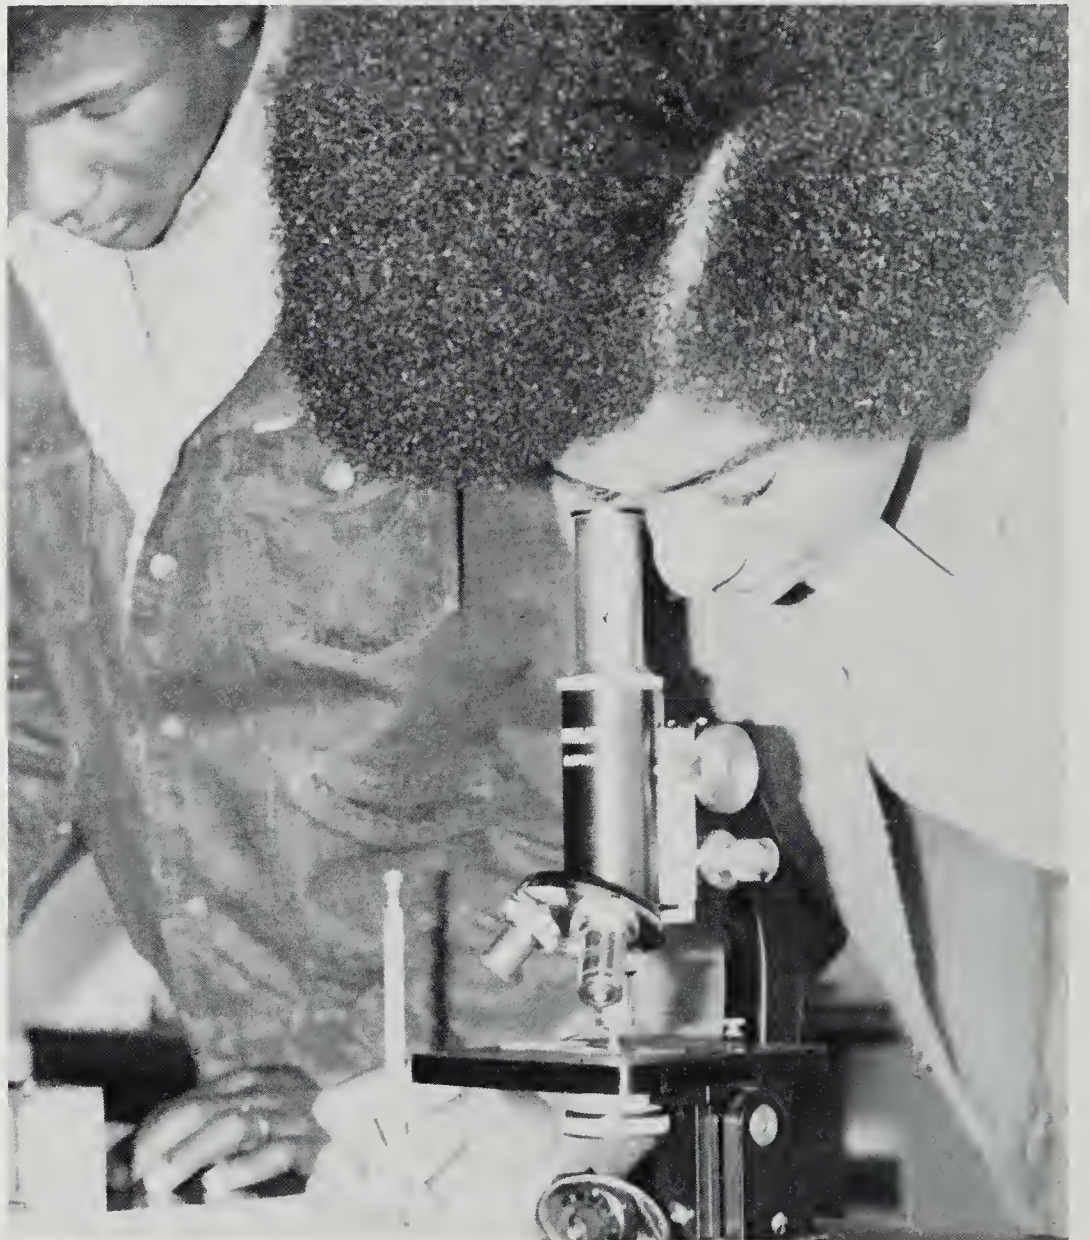

Each day of our school lives stands significant in the years to come. We learn to live together, to accept responsibilities, to cope with "growing pains," but most important we learn ourselves as we truly are . . .

The accelerating pace of schooling quickly sweeps us from our feet, and the load of endless classes seems to multiply higher than we can imagine. Yet, the rapport between student and teacher eases the slow beginning of a new year and the impatient ending of school . . .

If we listen closely, we can still hear the humming sound of voices echoing of excitement, fear, and defeat in competition. With our heads high and our stride mighty, we let the challengers know our eminent victory is yet to come . . .

As we go through our daily routine of school, for some the experiences are unfamiliar, yet for others there is a feeling of insecurity, of reaching out once again to different surroundings . . .

The warm atmosphere of efforts among students is vividly seen in every direction of the school . . . Thus, time goes on to blend the newly arrived freshman with the departing senior.

We stop now in our separate ways and look down the abandoned corridor. We turn to the reminiscences of yesterday holding an abundance of laughter and tears for the ending year . . .
